David Adegbola

IT Field Technician

Location:	Joensuu, Finland
Phone:	+358 46 800 7210
Email:	adavidadegbola@gmail.com
Links:	github.com/david-adegbola
Availability:	Mornings, evenings and weekends

Summary

Hands-on IT field technician with a background in computer science and IT studies, including Microsoft Active Directory administration.

Brings industrial site experience from UPM Kaukas pulp mill, working to strict safety rules under a foreman. Picks up new systems and procedures quickly and enjoys practical, physical work with equipment.

Keen to build a career in Finland's growing data centre sector.

Technical Profile

Data centre & hardware:	Rack-mounting servers; replacing drives, memory and power supplies; cable management and labelling under instruction
Windows & Active Directory:	User accounts and groups, password resets, joining computers to a domain
End-user IT:	Setting up laptops, desktops, printers and peripherals; basic Windows troubleshooting
Networking:	Patching and tracing cables, connecting switches and access points, checking connectivity
POS & retail tech:	Replacing payment terminals, receipt printers and scanners by following vendor steps
Audio-visual:	Setting up and operating sound, projection and video equipment
Ways of working:	Following work orders exactly, clear job notes and photos, safety awareness

Experience

Aug 2025–Oct 2025 (3 months)

Contract Worker at **Alvasaar OÜ**, UPM Kaukas, Lappeenranta

Assembly and installation work on a boiler renovation in a live industrial plant.

Tracked parts and materials inventory and kept the work area clean and safe.

Worked to strict site safety rules as part of a team supervised by a foreman.

installation · assembly · power-tools · site-safety · inventory

Nov 2024–Aug 2026 (1 year, 10 months)

Audio-Visual Volunteer at **Vaasa City Church**, Vaasa

Set up, ran and packed down audio-visual equipment for services every weekend.

Fixed technical problems live, without stopping the service.

audio-visual · sound · projection · live-troubleshooting

Mar 2025–Aug 2025 (6 months)

Independent Courier at **Finnbox and SSM**, Vaasa

Completed early-morning delivery routes alone, on time, in all weather.

reliability · independent-work

Jun 2026–Aug 2026 (3 months)

Founder in Residence at **Summer Bloom**, Vaasa

Researched user needs through interviews and company calls; built and pitched a digital product (hetkin.app) with a team in one summer.

fast-learning · teamwork · user-research

Earlier Experience

2019–2020	**Sales Assistant** Desire Feeds, Nigeria	Sales, customer service and end-of-day cash balancing.
2016–2018	**Shop Assistant** Bunmi Pastries, Nigeria	Sales and customer service.

Education

2024–2026: Information Technology studies, Vaasa University of Applied Sciences (VAMK)
Including Microsoft Active Directory

2019–2022: OND in Computer Science, The Polytechnic, Ibadan, Nigeria

2026–present: Sustainable Forest Bioeconomy, University of Eastern Finland
